

Flow Table

ARTISAN

Collection: Flow

Designers: Filter

The seamless fusion of form and function with the Flow Dining Table, where fluid lines and exquisite craftsmanship converge. The table's smooth surface gracefully transitions between refined edges and soft curves, creating a visually alluring yet functional piece. Crafted from solid wood, the material's natural structure adds a tactile texture, emphasising the beauty of raw material while maintaining strength.

Designed by the internationally renowned Filter studio, based in Sarajevo, the Flow dominates defined spaces and is available in six types of wood—European oak, European walnut, maple, elm, cherry, and Ash—each with a range of natural finishes, oils, and stain
