ARTISAN MATERIALS GUIDE

TIMBER SPECIES

ARTISAN Furniture proudly crafts its pieces using sustainably sourced timbers from Bosnian forests. The collection showcases seven exquisite regional species—including European Oak, European Walnut, Elm, Maple, Cherry, and Ash—complemented by the rich tones of imported American Walnut.

Each piece is meticulously finished with eco-conscious products, such as natural oils and soap, to preserve the wood's integrity and highlight its organic beauty. These gentle treatments enhance the natural grain, creating unique colour variations that celebrate the distinct character of each timber species.

The result is a collection of furniture that embodies both luxury and sustainability. Designed to "breathe," every piece allows the wood's innate beauty to shine through, offering timeless elegance and a connection to nature in every detail.

LEATHER UPHOLSTERY

**GRUPPO ZENITH
BY MASTROTTO**

This collection features premium bovine leather with a distinctive matte finish, offering a visually striking and tactilely pleasing experience. Renowned for its soft, silky texture, the leather is both versatile and durable, making it ideal for a wide range of applications. With superior resistance and exceptional colour fastness, it ensures long-lasting beauty and performance. A perfect choice for interior design projects, this leather effortlessly balances timeless aesthetics with practical functionality.

STOLZ SELECT

Select is a versatile and low-maintenance leather, designed to meet the demands of everyday use. Its durability and ease of care make it an ideal choice for high-traffic furniture, such as sofas, while its exceptional cutting yield ensures minimal waste and maximum efficiency. Perfect for both residential and commercial settings, Select combines practicality with timeless style, offering a reliable solution for those seeking quality and performance.

STOLZ VEGETAL

Vegetal is a premium aniline leather renowned for its exceptionally soft and luxurious feel. Featuring a completely flat grain structure, it showcases the natural characteristics of the hide, including life markings such as healed scars, neck wrinkles, and subtle scratches. These unique imperfections highlight the leather’s authenticity and celebrate the beauty of a product preserved in its natural state. Perfect for those who appreciate organic elegance and timeless quality, Vegetal embodies the harmony of nature and craftsmanship.

FABRIC UPHOLSTERY

L1

KVADRAT REVIVE 1

Revive 1 is a vibrant upholstery textile designed by Georgina Wright. Made from post-consumer recycled polyester (PET), it is specially created to reduce the environmental impact both in production and natural resources. It comprises two unicolours, one in the warp and one in the weft. These are either tone-in-tone or slightly contrasting.

KVADRAT REMIX 3

Remix 3 is an elegant upholstery textile distinguished by exceptional depth of colour, designed by Giulio Ridolfo. It looks unicoloured from a distance but reveals subtle details and colour contrasts when viewed close-up. The textile features a tight, minimalistic weave, and derives its lively colour play from a combination of two different mélange yarns, which each combine up to three hues.

**TORRI LANA
BOEMIAN**

Torri Lana embodies the perfect fusion of tradition and innovation. Established in 1885, this renowned Italian textile mill creates modern, high-performance fabrics for sofas, armchairs, and stylish seating, catering to prestigious clients worldwide. At the heart of Torri Lana's designs are creative yarns, textured structures, and original colour palettes, crafted from a supple blend of natural fibres like cotton, linen, hemp, wool, and cashmere. The collection is committed to quality and style and reflects Torri Lana's unmistakable touch – a harmonious balance of stylistic research and the finest natural raw materials.

**TORRI LANA
BRIONNE**

**TORRI LANA
CREPE**

FABRIC UPHOLSTERY

KVADRAT STEELCUT **TRIO 3**

Steelcut Trio is a hardwearing woollen upholstery textile with the same construction as Steelcut. Originally designed by Frans Dijkmeijer, it comes in updated colourways crafted by Giulio Ridolfo. Despite the complexity of the textile's innovative weave, it has a simple, precise expression. Steelcut Trio is yarn-dyed and made from 3 differently coloured yarns.

DEDAR **KARAKORUM**

This bouclé fabric masterfully combines wool and viscose, creating an uneven texture of loops and curls inspired by the luxurious look of astrakhan fur. Known for its soft, bulky hand-feel, it offers both comfort and durability, making it an ideal choice for high-traffic upholstery. Perfect for spaces that demand both style and resilience, this fabric brings a touch of opulence and practicality to any interior.
